

**Job Title: Corporate Controller**

**Location:** Remote/Hybrid. Chicago or Phoenix area desirable.

**Job Type: Full time.**

**Reports To:** Matrixed reporting to Operating Company Chief Executive Officer (CEO) and Public Company Chief Financial Officer (CFO)

**Company Overview:**

High Wire Networks is a small rapidly growing publicly traded company at the forefront of innovative outcome-driven cybersecurity solutions. Our solutions drive value for our clients through scalable, subscription-based offerings, and we are proud to be making waves—especially in the fast-evolving cybersecurity landscape. We're looking for a strategic and hands-on **Corporate Controller** to join our team and help lead our financial operations with rigor, insight, and integrity.

**Position Summary:**

The **Corporate Controller** will play a key leadership role in overseeing High Wire - Overwatch's and Secure Voice Corp's financial reporting, accounting operations, and compliance with U.S. GAAP. This individual will work closely with the CFO to support external audit processes, improve internal controls, and ensure accurate, timely financial forecasting and reporting. This is a high-impact role ideal for a mid-career professional with a strong background in SaaS, subscription billing models, and public company reporting (highly preferred.)

**Key Responsibilities:**

- Oversee day-to-day accounting operations, including GL, AR, AP, payroll, and revenue recognition.
- Ensure compliance with U.S. GAAP, SEC reporting requirements, and Sarbanes-Oxley (SOX) as applicable. Establish, document and manages to public company internal controls. Manage the monthly, quarterly, and year-end close processes to ensure timely and accurate financial reporting.
- Collaborate with the CFO to prepare for and support annual external audits and quarterly reviews.
- Lead technical accounting research and implementation of new accounting standards as needed.
- Supervise and mentor accounting team members, fostering professional development.
- Partner with FP&A and business leaders to ensure financial accuracy and provide insights for business decisions.
- Work closely with CFO, legal and investor relations teams on public company compliance and SEC reporting.
- Treasury management and cash forecasting.

**Qualifications:**

- Bachelor's degree in accounting, finance, or a related field; CPA required.
- 6–10 years of relevant accounting experience, including 2+ years in a Controller or Assistant Controller role.
- Prior experience in a SaaS or subscription-based revenue environment is required.
- Experience in the cybersecurity industry or a tech-forward company is preferred.
- Strong working knowledge of U.S. GAAP and internal control frameworks
- Hands-on experience managing external audits and working with public company reporting requirements highly preferred.
- Proficiency with accounting systems and strong Excel skills.
- Demonstrated ability to lead teams and drive process improvements in a growing organization.
- Excellent communication, organizational, and project management skills.
- Experience working across the organization on strategic business planning, budgeting and reporting against those plans and budgets.

**Why Join Us?**

- Be part of a mission-driven team shaping the future of SaaS and cybersecurity.
- Make an immediate impact in a growing public company environment.
- Work with an agile, collaborative leadership team that values transparency and accountability.
- Competitive compensation, equity opportunities, and a strong benefits package.

**Application Instructions:**

Please submit your resume and a brief cover letter outlining your experience and interest in the role.
